	<p>Please attach list if number of row is insufficient. The username is by default the phone number. It may vary depending on Maxis Internal instructions. To change your username details, please submit the Letter of Request (LOR) with the amendments.</p> <p>Note:</p> <ul style="list-style-type: none"> 100/300/500/800 Mbps by default comes with unlimited calls for 1 single line/1 number with no features, only incoming and outgoing calls. The maximum quantity of Voice Connect lines supported is up to 60 lines per Maxis Business Fibre. Unlimited calls for the single line is to be surrendered if you subscribe for additional lines, this applies to 30/100/500/800 Mbps with Hosted Voice Solution (5 or 9 BVC lines). The existing "unlimited calls" line has no features (e.g. Pilot Hunting features are not allowed). You are not allowed to downgrade or reduce the quantity of Voice Connect lines offered in the above packages. E.g. if you subscribe to Maxis Business Fibre 500 Mbps that comes with 5 lines, you are not allowed to terminate 2 out of the 5 lines. Any termination would be terminating all 5 lines. If you are already subscribed to Maxis Business Fibre 30 Mbps or 100 Mbps, to upgrade to Maxis Business Fibre 300/500/800 Mbps, you must subscribe to a new plan for twenty four (24) months. You may connect a credit card terminal to the ATA. The credit card terminal has to be connected to an individual line and port without sharing. You are not allowed to use a splitter to share the credit card terminal with the DECT or analogue phone. You may subscribe for more Maxis Business Voice Connect lines on Business Fibre Internet. However, the unlimited talk time on the single line in the Business fibre Internet will cease and free on-net and shareable minutes for off-net calls will be offered on any lines subscribed. Shareable minutes for off-net calls will be offered on any lines subscribed (excluding video calls, calls to special numbers, and calls to 1900/1800/1600/121 numbers & IDD calls). The Wireless Backup Internet is meant to provide normal Internet browsing experience and usage of a minimum of one (1) Maxis Business Voice line in which the quality of the line is provided on a best-effort basis without any service level assurance. All Maxis Business Voice Connect lines in the Business Fibre Internet must be within the same premise. Any internal & external (vertical and horizontal) cabling will be borne by you. You must subscribe to Maxis Business Voice Connect lines to be eligible to subscribe for Voice Connect app. Each Maxis Business Voice Connect line is allowed to subscribe to one (1) Voice Connect app. In order to register, login and use the Voice Connect app, you must be a Maxis postpaid mobile subscriber. Failing which you will not be able to make outgoing calls or receive incoming calls using the Voice Connect app. Please refer to Maxis Business Voice Connect and Voice Connect app respective Specific Terms and Conditions for details.
